Adobe Products		

RECENT PROJECTS

from <https://bschultz1990.github.io/portfolio/>

TV Maze Search

Live demo: <https://bschultz1990.github.io/tvMazeSearch/>

A simple search page for TVMaze.com using Bootstrap. Returns the first 10 results of your TV show query. Utilizes DOM manipulation with vanilla JS, CSS, and HTML. Clicking on an image brings you to the show's page on TVMaze.com.

Freedom Stoves

Live demo: <http://freedomstoves.com/>

A WordPress website made from reference images and mock-ups. Wrote many of the product pages and descriptions.

Throwback Sports Productions

Live demo: <https://bschultz1990.github.io/throwbacksportsproductions/>

A podcast website and hobby side project. Utilized HTML, CSS, JavaScript and Bootstrap to handle the layout. The episode player is an embedded podcase player from our hosted service, RedCircle.

SELECTED EXPERIENCE

Full work history available on request.

VF Corp

May 2023 - Present

N850 Two Mile Rd, Appleton, WI 54914 (Business: 920 734 5708)

Supervisor: Jennifer Neal (Credit Department Manager)

Bolstered my team by sending out final documentation for the international shipment of goods. Enhanced the department's organization by editing, archiving, and categorizing auto-generated invoices. Maintained smooth communication by leveraging multiple departments in order to fulfil the varied needs of our brands.

Amtcor Flexibles North America Inc

February 2023 - May 2023

*2200 Badger Ave, Oshkosh, WI 54904-6720 (Business: 920-527-7300)**Supervisor: Marina Kenowski - Trade Compliance Specialist II*

Helped my team comply with international trade law by classifying exported goods.

Harmonized the day-to-day operation of my team by identifying and clearing blocked export documentation. Optimized the flow of imports and exports by pursuing cost-effective global shipping routes.

Earth Sense Energy Systems

September 2019 - February 2023

*W9715 WI-96, Dale, WI 54931 (Business: 920-779-6647)**Supervisors: Matt Roe (Parts - 920-659-1897), Nathan Gerard (Online - 715-513-0173)*

Streamlined physical inventory and helped customers with basic technical troubleshooting.

Scheduled service calls with a constantly changing rotation of stove techs. Fielded customer inquiries by phone, email, and live chat. Doubled the online department's productivity by

coding and distributing an internal application that streamlined many different programs.

Developed <https://freedomstoves.com> with WordPress to showcase an upcoming product line.

Utilized web technologies such as HTML, CSS, and JavaScript to improve internal workflows.

Assisted at different store locations when needed.

EDUCATION**BA in Communication, Music minor**

August 2009 - December 2013

Bethany Lutheran College - Mankato, MN - Cum Laude
